

全力防疫，有序复工，
——常熟经开区稳增长，促发展

当前，疫情防控仍处于关键阶段，“两条线”作战已在全国同步推进：“一条线”是抗击疫情前线，为最终打赢疫情防控阻击战而搏斗；“另一条线”是经济发展前线，为降低疫情带来的影响，保证经济社会平稳发展凝心聚力。在两难形势下的复工复产，对各级政府精准施策的能力提出考验。

截至2月27日，常熟经济技术开发区复工复产的规模以上工业企业及建设项目复工率100%。高复工率的背后，是政府对企业的硬核支撑。

位于常熟经济技术开发区的德国企业霍曼（常熟）门业有限公司主要生产工业门、平开门以及相应的机电产品等。公司于2月11日正式复工，厂长马里奥·伯克霍曼表示，疫情当前，不管在递交复工复产文件，还是在保障人员物资等方面，开发区都给予了极大支持，所以公司对未来的发展依旧充满信心。

经开区为了确保区内企业尽快复工达产，前有“复工辅导员”为企业复工打好基础，后有“复工管家”为企业去除后顾之忧，还有“复工啄木鸟”做好各项督查工作，送去真金白银解决企业资金周转困难……桩桩件件都是急企业所急，想企业所想！

复工辅导员

经开区建立了“辅导-审核-检查”全流程闭环管理机制，落实39名“复工辅导员”，一对一指导企业做好复工前的人员返常、防疫物资储备、厂区管理等准备工作。与此同时，政府向企业援助防疫物资，截止目前已向企业捐赠184920只口罩；政府也鼓励企业互帮互助，区内企业理文化工共四次向经开区无偿捐献，包括无限量供应消毒剂，8000个口罩，医疗手套8万双等。经开区也成立了审核办公室，每天召开复工审核会议，逐一过堂。

复工管家

针对当前大量返常复工人员，经开区力推“复工管家”模式，扛起集宿区租赁企业入住员工的后勤保障重担，让企业腾出精力全力以赴做好复工复产。

目前，经开区滨江城投公司下辖管理东张集宿区、海城花苑、滨江国贸和科

创园人才公寓共 4 个面向区内企业出租的住宅区，年前共入住 5000 多人，到目前为止返常人数已近 7 成。

复工啄木鸟

一支“复工啄木鸟”队伍——常熟经开区纪工委牵头组织的疫情防控联合督查组，走进每一家企业查漏补缺、事无巨细地给企业送去服务和指导。

迎难而上！常熟经开区如何抢回失去的时间？

同时，常熟也出台了 16 条举措，与企业共渡难关，包括降低融资成本、加强信贷纾困、实施援企稳岗、缓缴社保费、公积金、减免企业房租、减免相关税费、延期缴纳税款等。

疫情期间，经开区以“不见面”方式加速推进重大项目。总投资 102 亿元的立讯项目完成 3.8 亿元增资，拿下节后全市首张营业执照；总投资 80 亿元的每日优鲜 5000 万美元投资款到账；总投资 1 亿美元的启弘电声产品项目完成不见面签约……截至目前，已完成注册内资 13.35 亿元、注册外资 4.47 亿美元，确保一季度完成注册外资年度目标任务。

Spare no effort in epidemic prevention, Resume production in
an orderly manner

——CEDZ maintains steady growth and promotes economic
development

At present, the epidemic prevention and control is still at a critical stage. The "two lines" have been promoted simultaneously in the country: "One line" is the front line to fight the epidemic and fight to win the epidemic prevention and control blocking battle; The "other line" is the front line of economic development, which aims to reduce the impact of the epidemic and ensure the steady development of the economy and society. In this situation, the resumption of work and production is a test of the government's ability to take precise measures.

As of February 27, the resumption rate of industrial enterprises above designated size and construction projects resumed in Changshu Economic and Technological Development Zone ("CEDZ") was 100%. Behind the high resumption rate is the government's hard-core support for enterprises.

Hoermann (Changshu) Door Production co., LTD., is a German company located in CEDZ, mainly produces industrial doors, flat doors and corresponding mechanical and electrical products. The company officially resumed work on February 11. The factory director, Mario Bock, said that CEDZ has given great support to the company in submitting the documents for the resumption of production and in the protection of personnel and supplies, so the company is still full of confidence in the future development.

In order to ensure that the enterprises in the zone can resume work as soon as possible, CEDZ has a " work resumption counselor " to lay the foundation for the company to resume work, a " work resumption steward" to remove the worries of the company,

and a "work resumption instructor" to conduct inspection and try to help solve the difficulty of capital turnover of enterprises ... Everything is urgently needed by enterprises, think what enterprises think!

"Work Resumption Counselor"

CEDZ has established a "counseling-audit-inspection" management mechanism. 39 resumption counselors guided the enterprises to make preparations for the return of staff, epidemic prevention materials reserve, factory management and so on before the resumption of work. At the same time, the government has provided aid to enterprises with anti-epidemic materials. So far, CEDZ has donated 184,920 masks to enterprises. The government also encourages enterprises to help each other. Jiangsu Lee & Man Chemical has donated to CEDZ four times, including unlimited supply of disinfectants, 8,000 masks, 80,000 pairs of medical gloves, etc. CEDZ has also set up an audit office and held examination meetings for enterprises every day.

"Work Resumption Assistant"

In view of the current large number of returning to work staff, CEDZ has promoted the " Work Resumption Counselor Manager" model, supporting logistic support for employees staying in the accommodation area, allowing companies to spare no effort and return to work.

CEDZ Binjiang City Investment Corporation manages 4 public dormitories for renting out to enterprises, which has accommodated 5000 people before the year. So far, almost 70% of employees have returned to CEDZ.

"Work Resumption Instructor"

A " Work Resumption Instructor" team, the joint epidemic prevention and control inspection team led by the CEDZ Commission for Discipline Inspection, went to every company to send services and guidance to the company whether important or trivial.

Grasp the nettle! How to grab back the lost time?

16 Measures for the work resumption have carried out by Changshu Government include reducing financing costs, increase credit fund support, implementing assistance to enterprises to stabilize jobs, deferring social security contributions,

provident funds, reduce or eliminate property rents, related taxes, and defer payment of taxes.

During the epidemic period, major projects were accelerated in CEDZ through online meeting. With a total investment of 10.2 billion yuan, Luxshare(<http://www.luxshare-ict.com>) completed a 380 million yuan capital increase and won the first business license of Changshu after the holiday. Miss Fresh(<https://www.missfresh.cn>), with a total investment of 8 billion yuan, has invested 50 million dollars in the account. With a total investment of 100 million us dollars, OBO Pro.2 Inc. acoustic component project(<http://www.obopro2.com>) has been completed without a face-to-face contact... So far, 1.335 billion yuan of domestic capital and 447 million U.S. dollars of registered foreign capital have been registered, ensuring the completion of the annual target for registered foreign capital in the first quarter.
